# We've got sweet auto loan rates!

Buying a new car can be confusing. You find the perfect vehicle, and you think you're getting a great deal—until you get home and you realize your payment is a lemon!

## What happened?

It's very common for dealerships to mark up the interest rates they charge on new vehicles. They will tell you they're shopping for the best rate for you, but that's not always the case. So you end up getting squeezed.

## What can you do about it?

Bring your loans to us. We can refinance auto loans quickly and easily, and we WILL give you the best possible rate. Call or visit one of our Member Service Representatives for a free, no-obligation analysis. We'll be happy to compare our rate to your current rate, and calculate your savings.

## What's your next step?

Pull out your paperwork from the dealership and call your local FCU office, visit us online at [www.flcu.org](http://www.flcu.org) or stop by an FCU branch. We'll take care of all the details. And remember, we have loan officers available 24 hours a day, seven days a week via phone. Call at your convenience.
